TANGERINE EXTRACT - Ingredient blending was produced by these special mandarins that are used in the distillation process of organic fragrance production. The extract is supplemented with acetyl tyrosine, which is the substrate for melanin synthesis.

HORSETAIL EXTRACT - Hair growth stimulation contains compounds that are bioactive, increasing scalp blood supply benefits. Rich in silica, a mineral that helps restore damaged hair and helps strengthen hair shafts, reduce breakage, antioxidant, and stress for reduced damage to scalp for gray and hair restorative benefits.

BUTTERFLY GINGER EXTRACT - Is a scalp and hair soothing ingredient with moisturizing properties to combat dry and brittle hair, add shine, and retain moisture. Butterfly ginger extract improves blood supply on the scalp for aiding in healthy hair growth, and has anti-inflammation properties for the scalp as well as improving the structure of damaged and aging hair.
